

“If All You Knew Were Disney”

If all you knew were Disney
You would think step-moms are bad,
But we can testify today,
That's not the case we had.
Just what our father needed most
Our Lord in grace supplied;
The help and love she gave our dad
Can never be denied.
When he was weak and needed strength,
His wife was always near
To comfort and assist him and
To fill his life with cheer.
Unselfishly she gave her all
To meet his ev'ry need;
With patience and with kindness
She performed her ev'ry deed.

Now Dad is gone and with the Lord,
But Val with us remains;
We're thankful for our step-mom
And for what in her we've gained.
