

"Life Is Like a Relay"

Life is like a relay and
Each runner has his place;
All have an assignment and
Contribute to this race.
Some will run before us and
Will have their glory day,
But their lap will finish, and
Baton they'll pass our way.
Now it's time to keep the pace
And not to fall behind;
There are those who count on us,
And they are next in line.
We must run and do our best
Like those who ran before;
Just one lap we get to run:
Just one--and not one more.
