

“Thank You for Coming”

I am so glad you came today
If only for a while;
You've helped my fam'ly through this day
And caused us all to smile.
Too many years have passed now since
We saw each other last;
I'm grateful for the memories
We treasure in the past.
I wish I could have shared with you
More time than what we had;
I tried to greet all those who came
To help support my Dad.
Sometimes I cannot get to all
The people that I see,
But ev'ry face that's in the room
Speaks volumes unto me.
I want to help assure you that
Your trip was worth the drive;
Your gift of time, support, and love
Our spirits helped revive.
Again I thank you for the love
You showed us in this way;
You've helped to ease the pain of loss
We felt so much today.
